**DATES:** September 19, 1995 at 9:30 a.m.

**ADDRESSES:** Room 4200, Nassif Building, 400 Seventh Street SW., Washington, DC 20590.

**FOR FURTHER INFORMATION CONTACT:** Richard Boyle, Chief, Radioactive Materials Branch, Office of Hazardous Materials Technology, Department of Transportation, Washington, DC 20590; (202) 366-4545.

**SUPPLEMENTARY INFORMATION:** This TCM is the fourth and final meeting of the committee responsible for producing the 1996 edition of the IAEA's Regulations for the Safe Transport of Radioactive Material, Safety Series No. 6, and will serve as the final opportunity for the IAEA Member States to propose and discuss additions and deletions to the 1996 edition of the transportation regulations. A draft of the 1996 edition of the IAEA regulations was made available by RSPA for review and comment on April 11, 1995. Although any aspect of the revised regulations may be discussed, the primary task of this committee is to consider issues raised by industry and the public during the comment period and the proposals for amendment made by the two TCMs and two consultant services meetings which have been held since the committee last met in October of 1994.

The major issues on the agenda are:

1. The recommendations made the TCM on the development of transport regulations for

radioactive material, TCM-946. Specifically, TCM-946 discussed issues relating to the development of radionuclide specific exemption quantities for radioactive materials in transport and the air transport of radioactive material in large quantities or with high activity.

2. The recommendations made by the TCM on improving individual Member State compliance with existing transport regulations, TCM-911. Specifically, TCM-911 discussed the issues relating to the quality assurance and quality compliance aspects of the regulations (Chapter 8).

3. The recommendations made by the consultant service meeting on the proper packaging and transport of uranium hexafluoride, CT-2430. Specifically, CT-2430 discussed proper performance criteria for packages containing uranium hexafluoride, proper handling and transportation requirements for uranium hexafluoride, and changes that needed to be made to the IAEA transportation regulations regarding uranium hexafluoride.

4. The recommendations made by the consultant service meeting on criticality safety during transport, CT-2452. Specifically, CT-2452 discussed proper criticality analysis techniques, regulatory exemptions for small quantities of fissile materials, and changes that needed to be made to the IAEA transportation regulations regarding criticality safety.

The public is invited to attend without prior notification.

**DOCUMENTS:** Copies of documents relating to the issues to be covered at the TCM are on file in RSPA's Dockets unit (Nassif Building, Room 8421) and may be viewed Monday-Friday from 8:00 a.m. to 4:30 p.m. Documents may also be ordered by contacting RSPA's Dockets Unit at (202) 366-4453.

##### Background

In Executive Order No. 12613 of October 29, 1987 (3 CFR, 1987 Comp., p. 256, 52 FR 41940), President Reagan imposed import sanctions against Iran, invoking the authority, *inter alia*, of the International Security and Development Cooperation Act of 1985, 22 U.S.C. 2349aa-9 ("ISDCA"). In Executive Order 12957 of March 15, 1995 (60 FR 14615, March 17, 1995), President Clinton declared a national emergency with respect to the actions and policies of the Government of Iran, invoking the authority, *inter alia*, of the International Emergency Economic Powers Act, 50 U.S.C. 1701-06 ("IEEPA"). The President substantially supplemented and amended the sanctions in those orders in Executive Order 12959 of May 6, 1995 (60 FR 24757, May 9, 1995), invoking the authority, *inter alia*, of IEEPA and ISDCA. In the Executive orders, the President imposed specified sanctions against Iran, and authorized the Secretary of the Treasury, in consultation with the Secretary of State, to take such actions, including the promulgation of rules and regulations, as might be necessary to carry out the purposes of those orders.

The Office of Foreign Assets Control is publishing its interim general licenses and general notices issued through July 21, 1995, to provide guidance to the public on its interpretation of Executive Order 12959. Whenever possible, it is the practice of the Office of Foreign Assets Control to receive written submissions or hold informal consultations with interested parties before the issuance of any rule or other public document. Any interested person may write the Director of the Office of Foreign Assets Control at the above address to make comments or suggestions with respect to the general licenses and general notices printed below.

#### GENERAL LICENSE NO. 1

##### 30-Day Delayed Effective Date for Pre-May 7, 1995 Trade Contracts Involving Iran

(a) All transactions necessary to complete performance of a trade contract entered into prior to May 7, 1995, and involving Iran (a "pre-existing trade contract"), including the exportation of goods, services (including financial services), or technology from the United States that were authorized pursuant to Federal regulations in force immediately prior to May 7, 1995, or performance under a contract for transactions in Iranian-origin or Iranian government-owned or controlled goods or services not involving importation into the United States, are authorized without specific licensing by the Office of Foreign Assets Control ("OFAC") if the conditions in subsection (a)(1) or subsection (a)(2) are met:

(1) If the pre-existing trade contract is for exportation of goods or technology from the United States that were authorized pursuant to Federal regulations in force immediately prior to May 7, 1995, the goods or technology must be exported from the United States prior to 12:01 a.m. EDT, June 6, 1995, and all other activity by U.S. persons that is necessary and incidental to the performance of the pre-existing trade contract (other than payment under a financing contract) must be completed prior to 12:01 a.m. EDT, August 6, 1995; or

(2) If the pre-existing trade contract is for:

(i) The provision of services benefitting a person in Iran, the Government of Iran, or an entity owned or controlled by the Government of Iran, or

(ii) The reexportation of goods or technology to Iran, the Government of Iran, or an entity owned or controlled by

the Government of Iran that were authorized pursuant to Federal regulations in force immediately prior to May 7, 1995, or

(b) In order to complete performance of a pre-existing trade contract, and consistent with section 8(a) of Executive Order 12959, the arrangement or renegotiation of contracts for transactions necessary and incidental to performance of the pre-existing trade contract is authorized. Such incidental transactions may include, for example, financing, shipping and insurance arrangements. Amendments to pre-existing trade contracts for the purpose of accelerating a previously-specified delivery schedule under a contract for a fixed quantity or value of goods, technology or services, or curtailing or cancelling required performance, are authorized without specific licensing. Any other alteration of the trade contract must be specifically licensed by OFAC.

(c) The existence of a contract will be determined with reference to the principles contained in Article 2 of the Uniform Commercial Code.

(d) No U.S. person may change its policies or operating procedures in order to enable a foreign entity owned or controlled by U.S. persons to enter into a transaction that could not be entered into directly by a U.S. person located in the United States pursuant to Executive Order 12959.

#### GENERAL LICENSE NO. 2

##### Payment and U.S. Dollar Clearing Transactions Involving Iran

[**Note:** The following general license is issued pursuant to the authority delegated to the Secretary of the Treasury in Executive Order 12959 of May 6, 1995, 60 FR 24757 (May 9, 1995)—the "Order"]. Section 1(b) of the Order prohibits the exportation of services (including financial services) to Iran. This general license provides guidance to U.S. banking institutions for the transfer of funds not involving accounts of persons located in Iran, the Government of Iran, or entities owned or controlled by the Government of Iran maintained on the books of a U.S. banking institution ("Iranian Accounts"). Iranian Accounts must be

operated in accordance with General License No. 3, issued contemporaneously with this license.

Transfer instructions directing the movement of funds or the performance of other banking services that would directly or indirectly benefit persons in Iran or the Government of Iran are requests for the exportation of services. Such services may not be performed by a U.S. banking institution, and thus the transfer instructions must be rejected, unless the transfer is authorized by the general license below or by a specific or another general license issued by the Office of Foreign Assets Control ("OFAC"). Pursuant to section 8(a)(i) of the Order, contracts for the provision of financial services in force on May 6, 1995 (including the account contracts for Iranian Accounts) may continue to be performed through 12:01 a.m. EDT, June 6, 1995.]

(a) United States banking institutions ("U.S. banking institutions") are authorized to process transfers of funds to or from Iran, or for the direct or indirect benefit of persons in Iran, the Government of Iran, or entities owned or controlled by the Government of Iran, if the transfer is covered in full by any of the following conditions and does not involve debiting or crediting an Iranian Account:

(1) The transfer arises from an underlying transaction that is not prohibited by or not subject to the Order (such as a third-country transaction not involving a United States person or not otherwise prohibited by the Order); or

(2) The transfer arises from an underlying transaction that has been authorized by a specific or general license issued by the Office of Foreign Assets Control; or

(3) The transfer arises from an underlying transaction that is exempted from regulation pursuant to section 203(b) of the International Emergency Economic Powers Act, 50 U.S.C.

1702(b), such as an exportation of information or informational materials to Iran, a travel-related remittance, or payment for the shipment of a donation of articles to relieve human suffering; or

(4) The transfer is a non-commercial remittance to or from Iran, such as a family remittance not related to a family-owned enterprise.

(b) Before a U.S. banking institution initiates a payment subject to the Order on behalf of a customer, or credits a transfer subject to the Order to the account on its books of the ultimate beneficiary, the U.S. banking institution must determine that the transfer is not prohibited by the Order.

(c) Pursuant to the prohibitions in section 1(f) of the Order, a United States banking institution may not make transfers to or for the benefit of a foreign-organized entity owned or controlled by it if the underlying

transaction would be prohibited if engaged in directly by the U.S. banking institution.

(d) This general license does not authorize transactions with respect to property blocked pursuant to residual provisions of the Iranian Assets Control Regulations, 31 C.F.R. Part 535.

(e) For the purposes of this general license:

(1) The term "United States banking institution" or "U.S. banking institution" means:

(i) Any entity organized under the laws of any jurisdiction within the United States (including its foreign branches), and

(ii) Any agency, office, or branch located in the United States of a foreign entity, that is engaged primarily in the business of banking, including accepting deposits and making, granting, transferring, holding, or brokering loans or credits.
